A Story

Here is the beginning of the story. Please, complete the story. Produce your own version.

You should write 150 - 200 words.

One day last holidays I decided to go exploring on my own in the mountains. The time passed quickly and by late afternoon I got tired and hungry. "Maybe I'll find a village soon," I thought. But there was nothing. As it started to get dark, I realized I was completely lost. I could easily die, I thought on this cold mountain. Suddenly

Suddenly I saw a big old castle. It seemed unfriendly and forgotten. Dark walls were made from stone and there was no door at all. The castle looked very scary and uncomfortable, so I did not want to stay in this strange place. But unfortunately I had not any choice, because I was afraid of hungry wild animals like bears and a low temperature.

I entered the castle and saw a big dark room with no furniture at all. There were a lot of dirty windows in it. I decided to discover other rooms and try to find the bed and the warm place. But when I did my first steps, I had heard scary sounds and somebody's crying. I was blown away and had no words to say. "It is a monster! I will die!" - I thought. I had never believed in supernatural, and though I felt myself so scared I can't couldn't believed things were really that bad. But when I had seen a real ghost poltergeist, I began to cry and decided to run.

Suddenly, this scary white monster forced me. I had fallen and had been laying for a long time, because I did not want to open my eyes. But when I understood that there is no poltergeist in the room. So I left this castle and decided to travel alone no more.
